BOYS HIGH SCHOOL VOLLEYBALL SALT LAKE COUNTY PARKS & RECREATION BOUNDARY RULES AND SCHOOL DISTRICT AREAS

The Salt Lake County Sports Office is pleased to provide a high school volleyball league for boys. In order to preserve the integrity of a high school league experience and to avoid “team stacking” or the formation of “super teams”, the Salt Lake County Sports Office has created the following player eligibility and boundary rules effective for 2017:

1. Participating boys must be in 9th-12th grade and currently attend a school within Salt Lake County boundaries.
2. If there is a team representing or including the high school that the athlete attends, he is to play with that team.
3. If an athlete’s high school is NOT represented by any team, he may play for any team in his school district area *with the consent of the coach or team director.
4. With Program Coordinator approval, players from multiple schools may combine to form a single merged team if none of the options above are available.
5. 8th-9th grade athletes in feeder Jr. high schools are to play for the team representing the high school where they will attend and are subject to the same rules above.

Players, parents/guardians, and coaches must honor these policies in order to participate in the league. The Program Coordinator reserves the right to eject any player or team who is found in violation of the above rules.

*School district areas have been defined below for your reference and convenience. Not all schools are represented by a team and participating teams may change from year to year. For more league information, contact the SLCSO.
